

1987-2009

Myja Parviainen Scholarship Fund

*To Benefit Art Students at
Oakmont Regional High School*

Myja Parviainen was tragically killed in a car accident on her way home from school by a wrong-way driver in January of 2009. She was 21.

As a resident of Westminster, MA, and student at Oakmont Regional High School, Myja developed a passion for the arts during her high school years, both through classes and her participation in the art club. Her interests were diverse, and her abilities seemed limitless: whether she worked with software, fabric, paper, or paint, she drew awe and admiration for her work. After graduating from Oakmont in 2005, Myja attended the University of Massachusetts Dartmouth, majoring in graphic design. She would have graduated Magna Cum Laude in the spring of 2009 with a Bachelor of Fine Arts in Visual Design.

The Parviainen family created the Myja Parviainen Scholarship Fund in memory of Myja. The scholarship will benefit aspiring artists of Oakmont Regional High School.
